¹ Scheme responsible for the protection of your deposits: Your deposit is covered by a Finnish statutory Deposit Guarantee Scheme. If insolvency should occur, your deposits will be repaid up to 100 000 euro or, if the counter value thereof is less than SEK 1 050 000, SEK 1 050 000.

² General limit of protection: If a deposit is unavailable because a credit institution is unable to meet its financial obligations, depositors are repaid by a Deposit Guarantee Scheme. This repayment covers at maximum 100 000 euro per credit institution. All deposits with the same credit institution will be aggregated to determine the level of protection. If, for instance, a depositor holds a saving account with SEK 900 000 and a current account with SEK 200 000, he or she will be reimbursed with 100 000 euro.

³ Limit of protection for joint accounts: In case of joint accounts, the limit of 100 000 euro applies to each depositor. However, deposits in an account to which two or more persons are entitled as members of a business partnership, association or grouping of similar nature, without legal personality, are aggregated and treated as if made by a single depositor for calculating the limit of 100 000 euro. In some cases, as defined in national law, depositors are protected above the stated limit. More information can be obtained at www.riksghalden.se/sv/insattningssgarantin.
